Warm, Comfortable, Fitting Overcoats

This is Stein-Bloch's Message to You:

"Time and money are put into the making of our Overcoats. We spare neither fabric nor workmanship. We tailor into them style. They fit and they are warm and comfortable. Because we make many and systematize the making, the cost to you is little as compared with the tailor who may mean well, but lacks the resources and the experience. Who but the careless spenders buy any but Stein-Bloch ready-for-service Overcoats?"

Take upon yourself to come to our modern and well-lighted store, and say "*Stein-Bloch*" to us. We will fit you in an Overcoat. You, and your family and friends, will rejoice.
